

## Invitation to the 8<sup>th</sup> Meteor-Meeting

Dear Observers of Meteors and Star Occultations

We meet us again for the exchange of experiences and for the discussion of further projects concerning the observation of meteors.

Due to an actual event (occultation by Triton on October 5), we will held a workshop considering the technics of recording and video time inserter.

Date and time: **Saturday, Sept. 16, 2017; begin 10:00 (arrival from 9:00)**

Meeting point: Observatory Bülach, Sternwarteweg 7, 8180 Bülach  
The observatory is located between Bülach und Embrach.  
(47° 31' 11" N / 8° 34' 14" E) <http://www.sternwartebuelach.ch/>

Parking: Mandatory parking of the cars at the official parking place on top of Eschenmoser-Pass. No parking directly at the observatory.

Railway: Participants arriving at the railway station Bülach shall inform [me](#) for picking up.

Tentative program:

from 09:00: Arrival (coffee and „Gipfeli“!) in the observatory Bülach.

10:00: *General information*, tips and tricks for observation (photo, video, spektra, radio), recording, website, data base, calculations, etc.

*More topics and lectures*

We are open for wishes and suggestions. Please inform early about them.

12:00: Lunch

14:00: *Workshop about observation of meteors and occultations*  
- recording with Watec camera  
- time stamp using Video-Time-Inserter  
considering the equipment according <http://occultations.ch/equipment.html>

Goal: The participants are ready to record the occultation by Triton on Oct. 5, 2017.

➔ If you like, please bring your equipment for solving any problems / questions.  
Doing so, please assure to install previously the following software:

- OccultWatcher (<http://www.occultwatcher.net/>)
- VirtualDub (32 Bit) <http://www.computerbild.de/download/VirtualDub-32-Bit-8957804.html>  
or VirtualDub (64 Bit) <http://www.computerbild.de/download/VirtualDub-64-Bit-1172118.html>
- Hauppauge WinTV USB Live 2 <https://www.brack.ch/hauppauge-wintv-usb-live-2-171262>
- Tangra (<http://www.hristopavlov.net/Tangra3/>)

16:20: *Visit of the Observatory Bülach*

about 17:00: End of meeting

Registration: Please register under <http://doodle.com/poll/6s9t88sb7iws9ieg>

Contact: Jonas Schenker: jonas.schenker@sunrise.ch 079 670 62 14

Bring with you: Notebook, memorstick, cables and plugs, any devices, etc.  
Further interesting material and equipment...

A big THANK YOU to **Stefan Meister** for the local organization and to the **AGZU** for the hospitality and for the use of the infrastructure.

Best regards, Jonas
